

**Masterprogram  
Product Development in Mechanical Engineering  
Application Quickcheck**

This checklist gives you an initial overview of the basic admission requirements of the study program.

---

**1 German language skills**

- 1.1 Are you a German native speaker? or
- 1.2 Was your university entrance qualification acquired at a German-speaking institution? or
- 1.3 Was your first university degree predominantly taught in German? or
- 1.4 Did you acquire a German language certificate (university level-DSH 2 or equivalent)

**Only if you can answer YES to at least one of these questions your application will be considered.**

**2 First university degree**

- 2.1 For european degrees: Do you have or will you reach an university degree with at least 210 ECTS-Credits?  
For international degrees (non-europe): Do you have or will you reach a study duration of at least 3.5 years (German equivalent of your foreign degree according to ANABIN)

**Only if you can answer YES to this question your application will be considered**

- 2.2 If you have not yet obtained the first university degree: will you obtain the university degree within the deadline (15.10. for Wintersemester / 15.04. for Summersemester)?

**Only if you can answer YES to this question your application will be considered**

**3 Grade**

- 3.1 Is your application grade 2.7 according to the German grading system or better?

**If your grade is 2.8 or lower, your application will be rejected.**

Note: The application grade is the final grade of your first university degree. For foreign grades, the grade is calculated using the "Modified Bavarian formula". If you have not yet completed your first degree, the application grade is calculated from the arithmetic mean of all examinations passed to date.

Detailed information about further requirements can be found in the admission regulations (Zugangsordnung). You will find this document as a download on the applicant homepage of this program (only german version).
